# Metro's rail plan

A proposal to increase Hamilton County's sales tax to finance transit improvements in the county makes up the bulk of a regional rail plan that Metro, the bus company operated by the Southwest Ohio Regional Transit Authority, unveiled in June. The tax, however, would pay only for improvements in Hamilton County - so the tracks would end at the county line. The regional plan shown here would cost \$2.6 billion in Ohio alone and take about 30 years to build in its entirety. The first line to be built would run from downtown Cincinnati along Interstate 71 and end in Blue Ash.

## Key

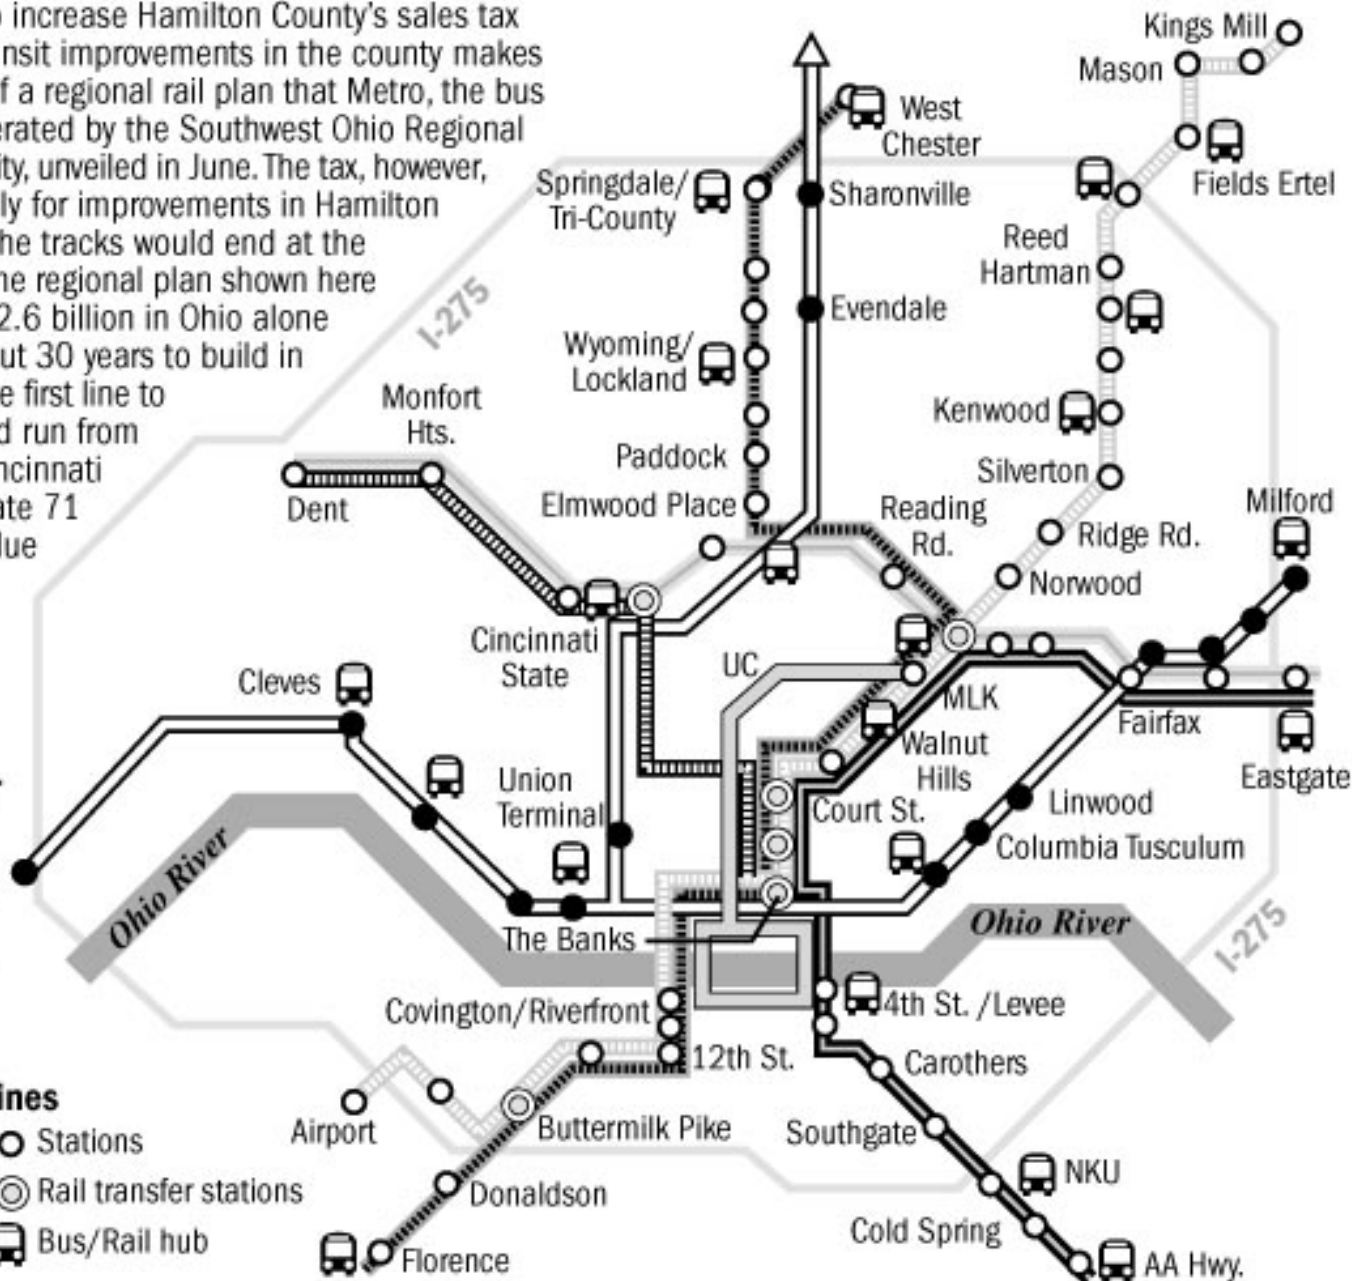

### Commuter rail lines

### Streetcar lines

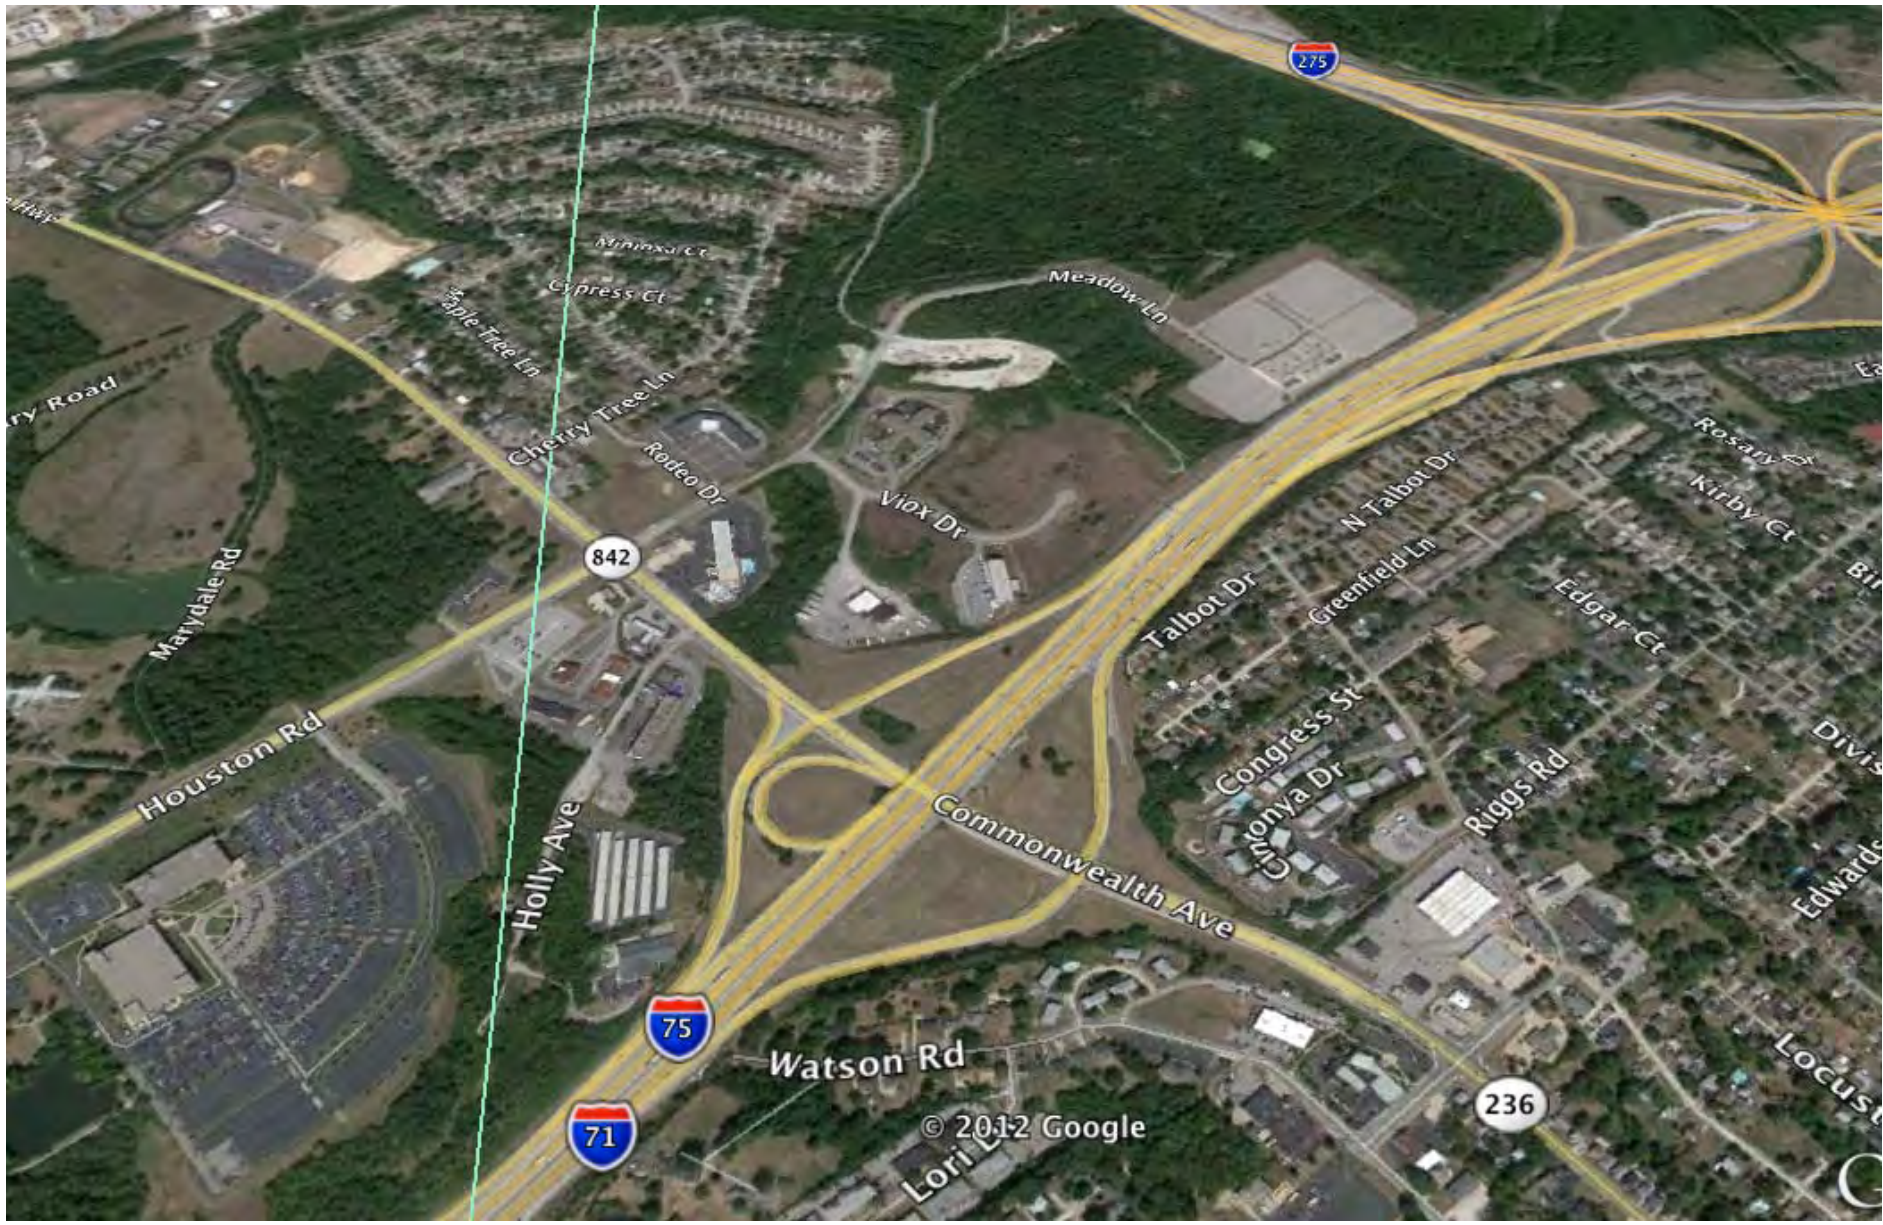

### Light rail lines
